

GREEN CAREER DIRECTION WORKSHEET

Two environmental issues that I am most passionate about and that I have some experience in:

Environmental Issue I am Passionate About	Examples of Experience I have on this Issue (classes, internship/job, projects, papers, volunteer work)
1.	
2.	

5 Skills that I Excel in AND that I want to use in a future role:

Skill One:

- Example of something positive you achieved using this skill:

Skill Two:

- Example of something positive you achieved using this skill:

Skill Three:

- Example of something positive you achieved using this skill:

Skill Four:

- Example of something positive you achieved using this skill:

Skill Five:

- Example of something positive you achieved using this skill:

What are some job titles that require these skills? Which green employers would hire for these roles?

Job Titles that Require these Skills	Employers that Hire for these Job Titles
